

Dear Chavco Services Customer,

We are living through an uncertain time for everyone with the constantly changing COVID-19 situation. Our community, our businesses and we as individuals are putting great care to limit the spread of infection.

As a commercial cleaning service, we recognize the challenges faced by our customers to keep the workplace clean and safe. We want to know you can rely on the services we provide for you and your business. It is our primary focus to maintain a safe and healthy working environment for you. We make it our daily responsibility to ensure you can depend on our service.

In response to COVID-19, we have implemented extra precautions in our cleaning procedures in all of our services to ensure that our customers are safe.

These measures have been taken to protect you and our employees and we look forward to serving you for the long term.
